Kailey Wong was asked if he recognized any of the men and he mentioned the Vietnamese soldier behind Bill Price and Dick Gamache is 1st Lt. Daat. All the Vietnamese men are Quan Canh's Stationed at Tan Son Nhut.

I believe the Vietnamese word for 1st Lt. is Chung Wei (wee). I had many dealings with Chung Wei Daat during my two tours at Tan Son Nhut, he was a real squared away guy.

He never once asked me to buy him something at the PX. Now I wish I had bought him a 5th of Johnny Walker or something.

I sure miss those times. I wish I was shown in the photo because I cannot find any orders verifying that I received the medal.
